How YOU Can Participate in the SEQRA Process for Canopy's Proposal: A Dialog

October 20, 2008

7:00 - 9:00 p.m.

Rosendale Recreation Center

The State Environmental Quality Review Act provides a vehicle for residents to provide information and feedback about the environmental, economic and social impacts of development projects. On Wednesday October 29 the Department of Environmental Conservation will hold a public hearing regarding Canopy's development project (Hudson River Valley Resorts) at the Rosendale Recreation Center.

This Save The Lakes Public Forum will provide information about how area residents can participate in the process. Attorney and SEQRA expert Jim Bacon will make a presentation, "SEQRA from an Advocacy Perspective", with special attention to the how the process works when DEC is the lead agency. This will be followed by questions, answers, and discussion.
